Product Designer

vyasdev.6303@gmail.com | +447799752283 | [LinkedIn](#) | [Portfolio](#) | UK

Professional Profile

Results-driven Product Designer with 4+ years of expertise in converting complex user needs into intuitive digital experiences and robust design solutions. Proven ability to elevate user engagement across 20+ digital products, streamline design-to-development workflows, and improve brand satisfaction for 20+ diverse clients. Adept at leading UI/UX workshops for 5+ team members and optimising design efficiency, directly impacting project timelines and user satisfaction metrics. Passionate about human-centred design, accessibility, and driving product success through meticulous research and high-fidelity prototyping in Figma and Adobe XD.

Experiences

Student Content Creator

University of York, UK • Oct 2025 – Present

- Converted complex university briefs into 3+ user-centred blog posts, improving information access for prospective students and enhancing digital content readability.
- Crafted engaging narratives for digital platforms, leading to an average 30% increase in reader engagement across 3+ articles for target student audiences.

Graphic & UI Designer

Panchal Softwares, Remote • Aug 2024 – Dec 2024

- Designed 30+ social media visuals for product launches, boosting audience engagement significantly across different platform.
- Developed new brand style guides, improving design team efficiency by reducing rework time by 5 hours weekly and streamlining production.
- Streamlined design-to-development handoff by organising 500+ design files, solving developer clarification queries by 25 and accelerating project timelines.

Design Lead & Mentor

Google Developer Student Club (GDSC), India • Jan 2023 – Jan 2024

- Created 15+ promotional graphics for club events, boosting student sign-ups by 50 individuals and attracting over 70 attendees.
- Mentored 5 team members in UI/UX workshops, improving overall club design capabilities and tool proficiency in Figma across 3 projects.
- Provided design support for 8 major student-led technology events over two years, impacting 500+ student participants.

UI/UX & Visual Consultant

Non-profit organisations, Remote • Jun 2020 – Apr 2023

- Developed 20+ client brand identities, nurturing repeat business for 6 clients through enhanced brand recognition and satisfaction.
- Delivered user-friendly wireframes and mobile-first web designs for 5+ clients, elevating user experience through improved navigation and accessibility.
- Directed end-to-end design processes for multiple clients, successfully completing all 12 projects on schedule, ensuring consistent brand strength.

Education

MSc in Human-Centred Interactive Technologies, University of York, UK • Sept 2025 – Present

- Core modules: Interaction Design & Evaluation, Research Methods, Qualitative Approaches to Investigate UX.
- Dissertation: Distraction Resistance and Complex User Interfaces (quantitative study) – examining how interface complexity affects user attention and task performance.

B.E. in Computer Science & Engineering, GTU, India • Jun 2020 – Jun 2024
