MSc Human-Centred Interactive Technologies, York | Figma, Adobe XD | UX Research | CS Background | Product Designer
UK | +44 7799 752283 | [Email](#) | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Product and UI/UX Designer who has completed an MSc in Human-Centred Interactive Technologies at the University of York, with a background in graphic and visual design and a First Class Computer Science degree. Experienced in user research, user journeys, wireframing, prototyping, interface design and usability testing through postgraduate, client and team projects. Combines strong visual craft with quantitative research and front-end knowledge to create accessible, evidence-informed digital experiences and collaborate effectively with developers.

RELEVANT SKILLS

- **Product & UX:** User Research | User Journeys | Information Architecture | Wireframing | Prototyping | Usability Testing | Interaction Design | Responsive Design | Accessibility (WCAG)
- **UI & Visual:** Figma | Adobe XD | Framer | Component-Based UI | Visual Hierarchy | Typography | Layout | Visual Design
- **Research & Analysis:** Questionnaires | Think-Aloud Testing | Quantitative Research | SPSS | Jamovi | Python
- **Technical:** HTML5 | CSS3 | JavaScript | React | Next.js | GitHub
- **Collaboration:** Stakeholder Communication | Developer Handover | Design Critique | Mentoring

SELECTED PRODUCT & UX PROJECTS

- **Move - University Exercise App | UX Researcher & Designer**
University of York | Human-Centred Design Project | 2026
 - Took an iOS exercise-app concept through discovery, research, concept development, Figma prototyping, usability testing and iteration.
 - Analysed **17 questionnaire responses** to identify user barriers, using findings to develop personas and inform feature priorities.
 - Used research evidence to reject **2 early concepts** before developing a focused **4-screen Figma prototype** around identified user needs.
 - Conducted moderated think-aloud usability testing with **8 users**, identifying confusion around "Quiet Mode" and redesigning it as a clearer Crowd Filter with explicit Social and Solo states.
- **Distraction Resistance & Complex User Interfaces | UX Researcher**
MSc Dissertation | University of York | 2026
 - Designed and conducted an ethics-approved quantitative HCI study with **42 participants** investigating how distraction resistance relates to performance on visually complex interfaces.
 - Developed the research methodology and purpose-built browser task, refining the study through **4 in-person pilot rounds** before participant recruitment.
 - Analysed behavioural data using **Python, SPSS and Jamovi**, cross-checking statistical findings across analysis tools. Found that completion-time measures captured differences associated with distraction resistance that accuracy alone did not, informing design implications around interface complexity and cognitive demands.

WORK EXPERIENCE

Student Content Creator, University of York	Oct 2025 - Aug 2026
- Translated stakeholder briefs into audience-focused digital content, restructuring information hierarchy around reader needs and communication goals. - Applied accessibility, readability and information-design principles when communicating complex university information. - Collaborated with university stakeholders to refine content against requirements, feedback and intended audience needs.	
Graphic & UI Designer, Panchal Softwares	Aug 2024 - Dec 2024
- Designed 30+ digital and visual assets supporting product launches across multiple platforms while maintaining a consistent visual language. - Created reusable visual guidelines covering typography, colour and layout to support consistency across design outputs. - Organised design assets and improved handover practices, making files and visual specifications easier for developers to interpret. - Collaborated with developers to clarify UI and visual requirements during implementation.	
Design Lead & Mentor, Google Developer Club	Jan 2023 - Jan 2024
- Led graphic and visual design across 8 technology events, creating consistent communications across digital and event touchpoints. - Produced design work supporting programmes reaching a combined audience of 500+ attendees. - Mentored 5 team members through UI/UX and visual-design workshops, practical feedback and design reviews. - Established reusable visual patterns and guidelines to improve consistency across team projects.	
UI/UX & Visual Consultant, Non-profit Organisations	Jun 2020 - Apr 2023
- Delivered graphic, brand and digital design work for non-profit organisations and independent clients from initial brief through final delivery. - Created 20+ visual identities and supporting brand assets across client engagements. - Worked directly with stakeholders to understand requirements, present design directions and incorporate feedback. - Completed 12 projects across brand, digital and web-related design, with 6 clients returning for additional engagements. - Applied user journeys, wireframing and mobile-first interface design on selected web projects where UX/UI formed part of the engagement.	

EDUCATION

MSc Human-Centred Interactive Technologies, University of York	Sep 2025 - Sep 2026
Course requirements completed Sep 2026 Dissertation submitted Human-Computer Interaction User-Centred Design UX Research Interaction Design Quantitative Research Methods	
BE Computer Science & Engineering, Gujarat Technological University	Jun 2020 - Jun 2024
First Class with Distinction, CGPA 8.61 .	

COURSES, CERTIFICATIONS & AWARDS

The AI-Driven Product Designer LinkedIn Learning Jul 2026
Advanced Certificate in Data Science, Business Intelligence & Data Analytics IIIT Bangalore Jul 2025
Google UX Design Professional Certificate Coursera Apr 2025
Adobe Graphic Designer: Design that Demands Attention Coursera Mar 2025
Specialisation in Animation & Multimedia Frameboxx Animation & Visual Effects Dec 2023

ADDITIONAL HIGHLIGHT

Twice selected for a Google Developer chapter core team as **Design Lead & Mentor**, contributing visual direction while mentoring team members across UI/UX and visual-design work.
