Collaboration: Creative Briefs | Client Feedback | Stakeholder Communication | Design Reviews | Mentoring | Cross-functional Collaboration

VISUAL & GRAPHIC DESIGN EXPERIENCE

Graphic & UI Designer | Panchal Softwares

Aug 2024 - Dec 2024

- Designed **30+ digital and UI assets** for product launches across multiple platforms, maintaining a consistent visual language.
- Created reusable typography, colour and layout guidelines to support consistent UI delivery across design and development.
- Prepared design assets, visual specifications and developer handover documentation, clarifying UI requirements during implementation.

Design Lead & Mentor | Google Developer Student Clubs

Jan 2023 - Jan 2024

- Led visual design for **8 technology events**, supporting programmes that reached a combined audience of **500+ attendees**.
- Established reusable visual patterns across projects to improve consistency and speed up design delivery.
- Mentored **5 team members** through UI/UX workshops, design reviews and practical feedback.

VISUAL & GRAPHIC DESIGN EXPERIENCE

UI/UX & Visual Consultant | Non-profit Organisations

Jun 2020 - Apr 2023

- Completed **12 design projects**, with **6 clients** returning for additional work.
- Created **20+ visual identities** and brand assets while managing briefs, client requirements, feedback and final delivery.
- Designed mobile-first web interfaces for selected projects, combining visual design with user journeys and wireframes.

ADDITIONAL EXPERIENCE

Student Content Creator | University of York

Oct 2025 - Aug 2026

- Restructured university content around audience needs, translating stakeholder briefs into clear content hierarchies.
- Applied accessibility and readability principles while iterating work with university stakeholders against requirements and feedback.

SELECTED UI DESIGN PROJECT

Move - University Exercise App | UI/UX Designer

Human-Centred Design Project | University of York | 2026

- Created a four-screen Figma prototype for an iOS exercise app, translating research findings into a clear mobile interface.
- Synthesised **17 questionnaire responses** to develop personas, prioritise features and evaluate early concepts.
- Conducted moderated think-aloud usability testing with **8 users** and identified confusion around the original "Quiet Mode" interaction.
- Redesigned the interaction as a clearer Crowd Filter with explicit Social and Solo states based on usability findings.

EDUCATION

MSc Human-Centred Interactive Technologies

University of York | Sep 2025 - Sep 2026

Distinction (74%)

BE Computer Science & Engineering

Gujarat Technological University | Jun 2020 - Jun 2024

First Class with Distinction | CGPA 8.61

ACHIEVEMENTS & AWARDS

Departmental Prize - Highest Performing Student

University of York | 2025/26 MSc cohort | View LinkedIn announcement
